1. Delayed openings will be for 90 minutes. Parents should have their children leave for school or the bus stop 90 minutes later than usual, except for PM Pre-School. PM Pre-School will start at their usual time – see chart above.
2. Parents of children attending schools outside the district will be picked up 90 minutes later than usual unless their schools are closed. Parents must go to the nj1015 website and click on the Storm Announcement link for information pertaining to their particular school as these schools may be closed even though district schools are open.
3. Children attending non-public schools will not be picked up if a delayed opening occurs on an early dismissal day for that school. Pupils will have the entire day off. A 90 minute delayed opening would mean that children arrive at the non-public school with approximately two hours of school remaining before dismissal.
4. When school is already in session and there is a need for an emergency early closing, there will be no PM Pre-School and no PM Kidcare.
